

Flexible Solutions

For Your Housekeeping,
Laundry & Maintenance Services

CSP staff knows what works today may not work tomorrow and what works for some may not work for others, so we tailor our housekeeping, laundry, and maintenance programs to meet your specific needs.

While our programs vary, based on client needs, the results are always the same:

- Reduced costs
- Increased resident satisfaction
- Skilled staff
- Enhanced standard of cleaning
- Proficient with state and federal regulations

Our Experience

96 Years of Experience

CSP has over 96 years of combined healthcare executive management experience. We understand the stress and demands on owners, administrators, and department managers.

Our goal is to take the burden of housekeeping services off the facility managers and provide a seamless program that enhances your facility operations.

With CSP, you will be able to offer your residents a cleaner facility and one that can be marketed to the most critical family eye. We are confident we can help you to be your best.

The Best Standards

CSP's housekeeping, laundry, and maintenance services follow the federal and state guidelines to ensure compliance with your environmental program.

Our staff follow universal precautions and provide the highest standards of practice in the industry. CSP's staff understands the concept of the facility being the resident's home.

We strive to provide privacy and confidentiality while cleaning. Our primary goal is to promote dignity through your housekeeping services which enables your residents to feel as if they are at home.

Our Commitment

CSP can help get the most out of your budget. Besides our cleaning services we can provide top notch budget friendly and cost efficient products and supplies.

Efficiency of staff will maximize the expenses on a day to day basis making a significant impact on your year end budget.
